[redacted]

I'd say the first would be correct, in that at no point did their names come to my attention and no allegations were made against them.

I'll attach the report I forwarded onto [redacted] last year for reference.

Hi [redacted]

Thanks for that. Can I clarify a couple of points please.

Would it be fair to say (in a closing report) that with regard to your analysis into the Islington Care Homes at no point did these names come to notice or there was any suggestion any of them were involved in the Islington Care Home abuses

or

Would you need to carry out further analysis specifically on their names/details connected to Islington.

Sorry to be a pain but the allegation tries to link them with Islington and suggests they were part of a paedophile network there.

Thanks

Hi [redacted]

Im afraid to say none of those people came up in my research. I was tasked to look at allegations linked to Islington run care homes recorded that had been on CRIS, the suspects in these were carers etc that were working at the homes and not 'higher level' people such as [REDACTED] and [REDACTED]

[REDACTED]

Hi [REDACTED]

Wondered if you could help.

As per the e-mail [REDACTED] said you did some work on the Care Homes in Islington. I have an allegation that MPS failed to investigate Islington paedophile network that was exposed in the early 1990's involving prominent people such as [REDACTED] Charles Napier, Peter Righton and Richard Alston.

I am aware of the history around [REDACTED], [REDACTED] and [REDACTED] but wondered if they or [REDACTED] cropped up in your work around Islington Care Homes.

Thanks

[REDACTED]
